

**June 19, 2013 7:00 - 8:30 PM**

# Annual UC EMC Environmental Roundtable

The Ulster County Environmental Management Council is sponsoring a free seminar on Wednesday, June 19<sup>th</sup> from 7:00 to 8:30 PM at the Rosendale Recreation Center. Please join us for a lively and informative discussion.

## **Greening Local Government Operations: Ideas, Lessons From the Field, and Opportunities for Your Community**

Ulster County has a variety of local laws, policies and procedures that help our County government strive to be more sustainable in our daily operations. These diverse practices were compiled in a recent publication which is available online at [www.ucenvironment.org](http://www.ucenvironment.org). These initiatives can serve as a starting point for your community. Please come to this session to learn more about these practices and hear the real "on the ground" stories of implementation. Presentations will include discussion of the following;

- What are the opportunities to green your municipal operations?
- How can your municipality start a green purchasing program?
- How can towns build on experience and resources at the County level to make this undertaking easier?

### **Presenters**

Bob Buser, Buildings & Grounds, Ulster County Department of Public Works

Ed Jordan, Deputy Director, Ulster County Purchasing Department

Amanda LaValle, Coordinator, Ulster County Department of the Environment

**Help spread the word! Please let your local  
Conservation Advisory Councils and your  
municipal officials know about this event.**

### **Location:**

**Rosendale Recreation Center  
1055 Route 32  
Rosendale, NY**
